Dear Mr. Riis,

This letter is in regards to one of our advertisers in the WKCG Augusta/Waterville Market.

I am an avid listener of your radio station, WKCG Star 101, especially during the Christmas season. I really enjoy the 24 hour holiday music that you provide at the station and I change all of my radio dials to your station during the holiday season. It is wonderful to have a family oriented station and to listen to appropriate music for my young children.

On the evening of Monday, November 27 at approximately 4:45 pm, an advertisement for "Treasure Trove II" (an adult XXX video/bookstore) was aired. I was appalled and disgusted that you would have your station in Augusta air and provide support for this establishment during the dinner hour. If you think that this is an appropriate advertiser for your listening base, then you are sorely mistaken. Please be advised that not only will I not be listening to your station now but also encourage all of my friends and family to change their stations to your competitor.

I would appreciate someone from your WKCG station to contact me and advise me why I should not change the station and why they would place such an ad at that particular time. I may be contacted at 207-784-5632.

Sincerely,

Vicki Toppses

Dear Mr. Shields:

On behalf of the Northern New England Poison Center, I would like to thank you for your participation in our Poison Prevention Week activities. Your station(s) willingness to play the new poison hotline jingle is greatly appreciated. We are always striving to find way to educate the public about services that is different from our usual out reach. The media has always proven to be a helpful productive in its ability to assist our efforts. Its ability to reach thousands of people at one time goes beyond what we are able to do ourselves.

I encourage you to continue to play the jingle, as poison prevention is really a year-round effort. Thank you again, and if I can be of any assistance please do not hesitate to contact me at (207) 772-4 extension 4.

Dear Don,

The 128,000 Maine people who live with asthma thank you and WMCM Real Country 103.3 for your sponsorship of this year's Rockland Asthma Walk. What a day we had! Forty-two walkers enjoyed the crisp autumn weather in Rockland. Not to mention the music, the Halloween activities and the Health Education Fair. We were happy to see people having fun while raising money for a great cause.

This year, walkers raised close to \$30,000 at the Rockland and So. Portland walks to support the work of the American Lung Association of Maine. Because of WMCM Real Country 103.3's sponsorship, we are able to raise money to lead in the areas of asthma research, education and advocacy. The Asthma Walk has also helped to raise awareness about the growing asthma epidemic in Maine.

The American Lung Association of Maine staff, Board of Directors and volunteers appreciate your support. Together we can make a difference, improving lung health for all Maine people (for more information about our work, visit www.maine-lung.org).

From: Genny Judge

Recently on WMCM Real Country 103.3 we heard about a listener named Keith. He has been diagnosed with ALS (Lou Gehrig's Disease) recently.

He and his wife, Mary Lou, are quite poor and their house was falling in around them. Their town selectperson, Frank Perkins, spearheaded a campaign to help the folks get a new home. They managed to get everything for them. Carpenters, electricians, plumber all volunteered their time and materials to help. A 'new to them' used mobile home was procured and Mary Lou and Keith's new home seemed assured. They had one problem, no way to move the mobile home to their property.

So we started telling the story on the morning show. Within 24 hours two other listeners had jumped to the rescue. Dan Coombs who had lost a loved one to ALS paid the cash necessary to defray the costs of Stoneybrook Hauler Inc. moving the mobile home. Stoneybrook Hauler Inc. had donated all other costs except fuel, which Dan had covered with his cash donation.

Poor Keith is already exhibiting serious symptoms of the disease. His friends are so relieved that this winter he will be warm and dry without fear of snow coming through the roof.

Hats off to Real Country Listeners Dan Coombs and Stoneybrook Hauler Inc. for listening, caring and acting.

Thanks Kelly - 19 Aug 2005

Jon,

WCME's issues are transmitter related. Last week it appears the transmitter was struck by lightning and blew out a major tube. As is the case with lightning hits, you replace the major part and other smaller issues show up. That was the case with the WCME transmitter. Those replacement parts just arrived, and we are hopeful that WCME will be back at full power by later this afternoon.

Thanks for listening,

Don Shields

I live in the Midcoast area (Thomaston) and have been listening to your station for about a year now. For the last 2 weeks I have been unable to pickup your signal. I tried two separate radios in two separate areas of my house with no luck. Do you have any idea why this has happened? Did you change anything on your end transmission-wise? Thank you.

Dear Sir:

I would like to compliment you on some of your programming and make some suggestions in other areas.

First of all, I really enjoy Dr. Laura, Rush Limbaugh and to a somewhat lesser extent, Howie Carr. I find Phil Henry intellectually vapid and unfulfilling and it lacks any intellectual substance and is not very informative. I also find that your sports fillin shows and money management shows are very boring and uninformative. May I suggest the following: Michael Savage is outstanding, could you squeeze him in somewhere; how about Laura Ingram, Oliver North, and G. Gordon Libby as fillers instead of sports, business or the useless Phil Henry.

I would appreciate your response since I am a loyal listener to a portion of your programming and am just making a suggestion to improve and make it more of a worthwhile spectrum.

Sincerely,

Joseph deNatale, M.D.

Ms. Slater -

I thought I would follow-up with you on this, from last April. After a few weeks of ponting, I did take your advise and give Dave Ramsey another try. My wife and I are now hooked. Although I still miss Howie, the Dave Ramsey program has been entertaining and informative. So thanks again.

Hi Kelly,

Thank you for the use of the van and the radio mentions for the event. Several people heard the announcem radio which was a huge help.

We used the van to haul tables and goodies, warm children up and we also used it as "time-out" space for th misbehaving!!!

We raised \$700 and Wal Mart will match us. We took some pictures...I'm not sure if the van is in them or no over as soon as I get them.

Subject: Memorial Day 500 Countdown

Greetings WABK,

Last year's countdown was excellent, I especially enjoyed the early 80 additions, and I hope to hear a few more this year.

Ten of some of my favorites for this year:

1. Hey Jude - Beatles '68
2. I Can Hear Music - Beach Boys '69
3. Can't Find The Time - Orpheus '69
4. Sweet Caroline - Neil Diamond '69
5. Baker Street - Gerry Rafferty '78
6. Jack and Diane - John Cougar Mellencamp '82
7. Imagine - John Lennon '71
8. I've Never Been To Me - Charlene '82 (#97/'77)
9. Yester Me Yester You... - Stevie Wonder '69
10. Key Largo - Bertie Higgins '81

I've enjoyed your move forward in programming. I enjoy oldies, and those early 80's are a welcome and refreshing change. From one listener, thanks for the face lift. Wishing everyone at ABK a nice Memorial Day weekend.

By the way, I tried to do my list from your website, by clicking the 500 countdown. I'm not sure how that site is setup, but it did not open up a page for me to enter/email my list. Please take a look, thanks.

Dear Don, Mark and everyone at WABK,

I want to let you know that I truly enjoyed my visit in Boston. The seats to Phantom were absolutely wonderful and the performance was breathtaking. The renovated Opera House is in a class by itself with it's opulent decor.

The overnight accommodations at the Hilton were of the highest quality and provided a wonderful view of the city. Because of their friendly and professional staff, I was extremely well cared for.

I want to thank all of you (and your sponsors too, of course!) for providing this exciting opportunity. I feel so very fortunate to have been the lucky listener that benefited from this exceptional prize package!

My wife and I are in our late 40's and we love your station WABK 104, it's now set on all our radios. We are in the Casco ME- Pleasant Lake area. My wife and I were discussing last night the song selection and Great Music. Some songs we had not hear in a long time. I found it unique and refreshing from the other stations.

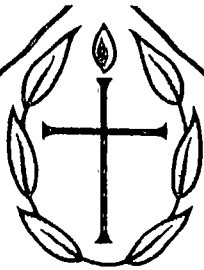

My favorite coffee is Dunkin Donuts it's the best coffee.

WABK format sounds like an independent satiation, particularly with the unique song selection, however I see Clear Channel on your web page. Why should I find this contradictory? Is WABK music programed thought Clear Channel. I don't see this as a negative or positive, I'm just curious.

I have seen negative press about Clear Channel's "canned programing" this may be unjustified.
